Director's Notes
Something's Afoot is a musical spoof of the who dunit genre. All of these characters are typical stereotypes of the Agatha Christy sort. I have thoroughly enjoyed working with the cast and crew for *Something's Afoot* and appreciate such a friendly, supportive organization such as DLO. To the cast I say, "Thank You and Break A Leg!"; to the crews and production staff, "Thank You", and to you the audience, "I hope you enjoy our production of *Something's Afoot* as much as I have."
 Thank you,
 Gregory Kent Duckett
